

POWER Q1000 PREMIUM

Power Q1000 Premium is the new pressotherapy system with 4 compression chambers. It is indicated both for home use and professional use thanks to its high performance features:

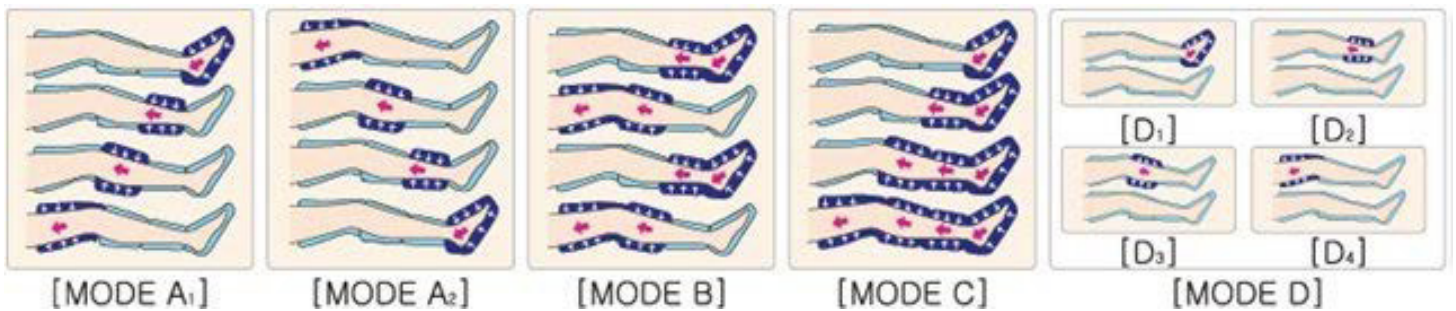

- ✓ Adjustable pressure for each compression chamber
- ✓ Parameters memorization
- ✓ Adjustable air speed level (5,7,9,11,13,15,17,19,21 sec)
- ✓ Adjustable interval time level (5,10,15,20,25,30 sec)
- ✓ 6 setting modes of air chambers (mode A1, mode A2, mode B, mode C, mode D, mode E(A1+C)).

Power Q1000 Premium promotes limb blood flow by the repeated inflation/deflation massage of air cuff. It increases muscle tissues pressure that is indispensable for edema treatment and lower/upper limbs pathologies.

MEDICAL DEVICE CLASS IIa

Power Q1000 is a medical device CE1023

TECHNICAL FEATURES

Rated voltage	220-240 V 50/60 Hz
Power consumption	53W
Adjustable time	5÷99 min.
Adjustable pressure	0÷240 mmHg ±20%
Graphic display	LCD
Programs	6
Air speed levels	9 levels
Time interval	6 intervals
Weight	2 Kg

MAIN APPLICATIONS

- ✓ LYMPHEDEMA / HEMATOMA TREATMENT
- ✓ PASSIVE COMPRESSION FOR VENOUS DISORDERS
- ✓ RHEUMATOID ARTHRITIS
- ✓ ARM DRAINAGE AFTER MASTECTOMY
- ✓ TREATING HEMATOMAS AFTER SURGERIES
- ✓ ANTI-CELLULITE TREATMENT IN THE INITIAL STAGES
- ✓ POST OPERATION PROPHYLAXIS IN VENOUS THROMBOSIS SURGERY

POWER Q1000 PREMIUM

KIT

Power Q1000 Premium can be supplied in 5 different versions:

POWER Q1000 Premium TOT

compressive limb therapy system comprising machine body, double legging, 2 derivations connection tube, 2 pressure plantars, armband, abdominal band, 1 derivation connection tube, special connector for simultaneous therapy on both legs and abdominal band.

POWER Q1000 Premium LEG2-ABD

compressive limb therapy system comprising machine body, double legging, 2 derivations connection tube, 2 pressure plantars, abdominal band, 1 derivation connection tube, special connector for simultaneous therapy on both legs and abdominal band.

POWER Q1000 Premium LEG2

compressive limb therapy system comprising machine body, double legging, 2 derivations connection tube, 2 pressure plantars.

POWER Q1000 Premium LEG1

compressive limb therapy system comprising machine body, single legging, 1 derivation connection tube.

POWER Q1000 Premium ARM1

compressive limb therapy system comprising machine body, armband, 1 derivation connection tube.

Extensions for wide legs and special connector for simultaneous therapy on both legs and abdominal band are available as accessories..

ACCESSORIES SIZE

Legging

- ✓ Length around 76 cm (from upper side to heel)
- ✓ Thigh circumference around 65 cm
- ✓ Ankle circumference around 38 cm

Armband

- ✓ Length around 86 cm
- ✓ Biceps circumference around 50 cm
- ✓ Wrist circumference around 36 cm

Abdominal band

- ✓ Length around 136 cm
- ✓ Height around 46 cm
- ✓ Waistline around 55-110 cm (small) or 80-125 cm (large)
